

CHANGE PASSWORD

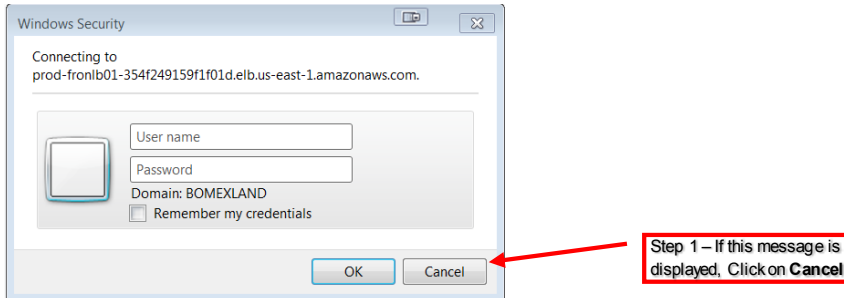

*****Make sure you have the Google Authenticator app (for Android go to Google Play Store, or for iOS go to App Store) installed and launch on your mobile device*****

1. In order to change your password, [click here](#) to begin the process.

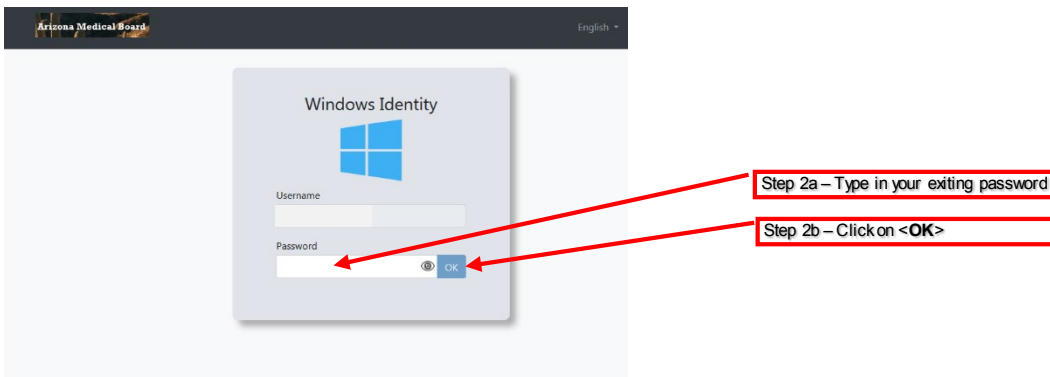

****If the link above does not work, copy and paste the link below into your web browser****

<https://login.specopssoft.com/Authentication/Password/Change?domainName=azmd.gov>

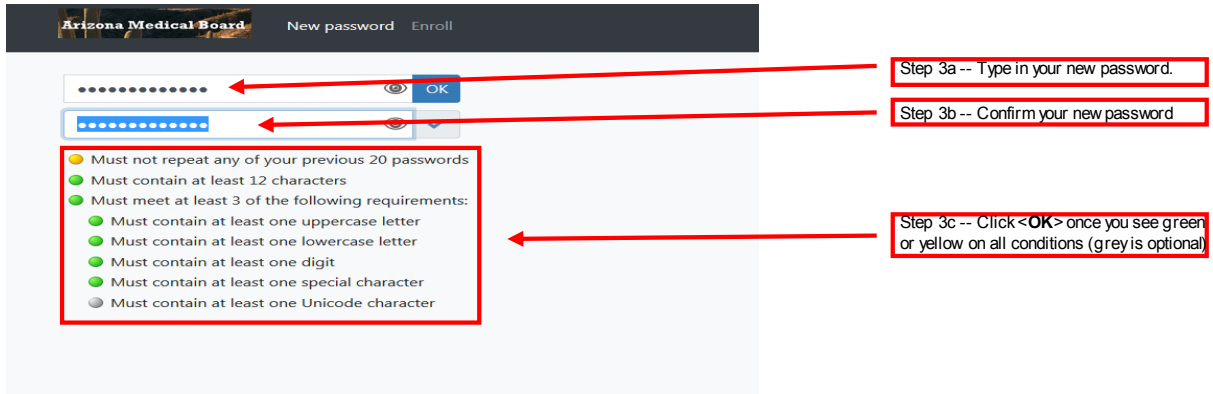

****If for any reason, you see this message displayed, click on Cancel****

2. Change Password option is only used when you already know your existing password. If you would like to change it for security reasons, you will have to enter your existing password on Windows Identity. You could change your password from reset password too, therefore, Change Password is an optional and less frequently used option of the manage password process.

3. Please type in your new password and confirm the same password. Once all the password requirements change green, yellow or stays grey, click <OK> to accept the changes.

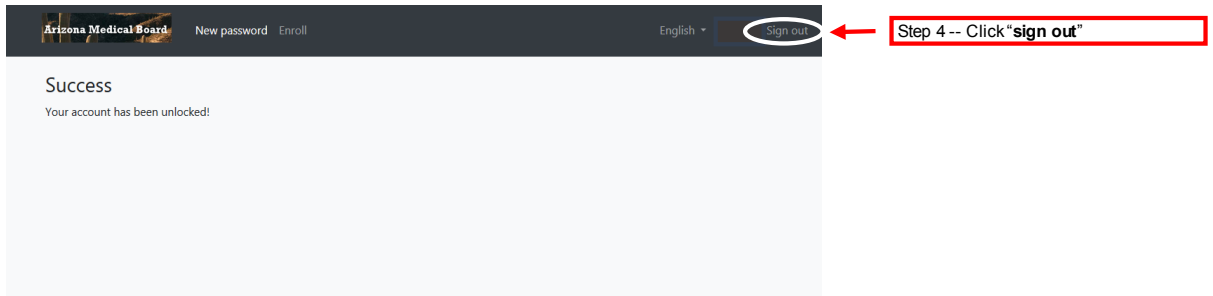

The screenshot shows the 'New password' form on the Arizona Medical Board website. It features two password input fields, each with a visibility toggle and an 'OK' button. Below the fields is a list of password requirements, each with a colored indicator: yellow for 'Must not repeat any of your previous 20 passwords', green for 'Must contain at least 12 characters', and a group of three green indicators for 'Must meet at least 3 of the following requirements: Must contain at least one uppercase letter, Must contain at least one lowercase letter, Must contain at least one digit, Must contain at least one special character, and Must contain at least one Unicode character'. A grey indicator is shown for the 'Must contain at least one Unicode character' requirement. Red arrows point from text boxes to the first password field (Step 3a), the second password field (Step 3b), and the 'OK' button (Step 3c).

Step 3a -- Type in your new password.

Step 3b -- Confirm your new password

Step 3c -- Click <OK> once you see green or yellow on all conditions (grey is optional)

4. Upon completion you will receive the success message below.

The screenshot shows the 'Success' message: 'Your account has been unlocked!'. In the top right corner, there is a 'Sign out' button. A red arrow points from a text box to the 'Sign out' button.

Step 4 -- Click "sign out"
